Whilst the majority of pupil information you provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the UK GDPR, we will inform you whether you are required to provide certain pupil information to us or if you have a choice in this. Where appropriate, we will ask parents for consent to process personal data where there is no other lawful basis for processing it, for example where we wish to use photos or images of pupils on our website or on social media to promote school activities or if we want to ask your permission to use your information for marketing purposes. Parents / pupils may withdraw consent at any time.

Storing pupil data

We hold pupil data securely and have appropriate security measures in place to prevent personal information from being accidentally lost, or used or accessed in an unauthorised way. Access to information is limited to those who have a business need to know it and who are subject a duty of confidentiality. A significant amount of personal data is stored electronically, for example, on our MIS database. Some information may also be stored in hard copy format.

Data stored electronically may be saved on a [cloud] based system which may be hosted in a different country.

We also have procedures in place to deal with any suspected data security breach. We will notify you and any applicable regulator of a suspected data security breach involving your data where we are legally required to do so.

When a pupil moves to another educational setting or school phase, the vast majority of information that we hold will move to that setting, although we may need to retain a certain amount of personal data, as laid out in our Records Management Policy and Records Retention Schedule.

Where in effect we act as the final setting in a student's education, we are required to retain some personal information for a period after they have left. Typically that information will be retained until they reach the age of 25, after which it may be archived or securely destroyed. There may be reasons for retaining data longer than this, which are laid out in our Data Retention Policy and Schedule.

Why we share pupil information

We do not share information about our pupils with anyone without consent unless the law allows us to do so.

We share pupils' data with the Department for Education (DfE) on a statutory basis. This data sharing underpins school funding and educational attainment policy and monitoring.

We are required to share information about our pupils with the (DfE) under regulation 5 of The Education (Information About Individual Pupils) (England) Regulations 2013.

Data collection requirements:

To find out more about the data collection requirements placed on us by the Department for Education (for example; via the school census) go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

To find out more about the pupil information we share with the department, for the purpose of data collections, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

To find out more about the NPD, go to:

<https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

The department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The DfE has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data;

- the purpose for which it is required;
- the level and sensitivity of data requested; and
- the arrangements in place to store and handle the data.

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.

Requesting access to your personal data

: Under data protection legislation, parents and pupils have the right to request access to information about them that we hold (“Subject Access Request”). Where a child does not have the maturity to make their own requests for personal data, parents may do so on their behalf in a primary school setting. To make a request for your child’s personal data, or be given access to your child’s educational record, contact [setting to include details of their administrator / Data Protection Officer] although any written request for personal data will be treated as a Subject Access Request.

Subject to the section below, the legal timescales for the School to respond to a Subject Access Request is one calendar month. As the School has limited staff resources outside of term time, we encourage parents / pupils to submit Subject Access Requests during term time and to avoid sending a request during periods when the School is closed or is about to close for the holidays where possible. This will assist us in responding to your request as promptly as possible. [For further information about how we handle Subject Access Requests, please see our Data Protection Policy].

Parents of pupils who attend academies have a separate statutory right to receive an annual written report setting out their child’s attainment for the main subject areas which are taught. This is an independent legal right of parents rather than a pupil’s own legal right which falls outside of the UK GDPR, therefore a pupil’s consent is not required even a pupil is able to make their own decisions in relation to their personal data, unless a court order is in place which states otherwise.]

The term “parent” is widely defined in education law to include the natural or adoptive parents (regardless of whether parents are or were married, whether a father is named on a birth certificate or has parental responsibility for the pupil, with whom the pupil lives or whether the pupil has contact with that parent), and also includes non-parents who have parental responsibility for the pupil, or with whom the pupil lives. It is therefore possible for a pupil to have several “parents” for the purposes of education law.

You also have the right to:

- object to processing of personal data that is likely to cause, or is causing, damage or distress;
- prevent processing for the purpose of direct marketing;
- object to decisions being taken by automated means;
- in certain circumstances, have inaccurate personal data rectified, blocked, erased or destroyed; and
- claim compensation for damages caused by a breach of our data protection responsibilities.

We will always seek to comply any requests regarding your rights, however please note that we may still be required to hold or use your information to comply with legal duties.

For further information about your rights, including the circumstances in which they apply, see the [guidance](#) from the Information Commissioners Office (ICO) on individuals' rights under the UK GDPR.

If you have a concern about the way we are collecting or using your personal data, you should raise your concern with us in the first instance or directly to the Information Commissioner's Office at <https://ico.org.uk/concerns/>

You can contact the Information Commissioners Office on 0303 123 1113 or via email <https://ico.org.uk/global/contact-us/email/> or at the Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF.
